

2026 PARTNERSHIP OPPORTUNITIES

Our community is specifically designed for families with children in therapy to find resources & make connections, and we want to help them get to know you, our wonderful sponsors. Please look through the different opportunities below, and make selections based on your needs & priorities.

The total amount you contribute from all of the options below will determine your sponsorship level and the different benefits available to you. These levels are fluid and can increase throughout the year with continued contributions.

♥ We are so appreciative of your support--at all levels--and are looking forward to a wonderful year ahead! ♥
